

Choose Our Transit

Our community is developing a Transit Strategy for the future – and YOU are invited to participate. Four transit plan options will be showcased for public input and discussion during a Choose Our Transit event at the Rolesville Town Hall at 5 p.m. on Monday, July 6.

The event will provide information about the Transit Strategy, modes of transportation, and the choices and trade-offs for our community. Attendees will engage in planning activities and have an opportunity to speak with planners and technical staff.

If you can't make it in person, watch the Choose Your Transit video and be sure to share your thoughts through the survey—both at WakeTransit.com.
